About the activity

Methodology
• Agile, using Scrum like approach
• 4-6 activities in parallel
• 6 month cycles, 1 month sprints
• Sprint demo for all activities at same time
• For details, see https://wiki.geant.org/x/XZvZBg

Activity Team (the A-Team!)
• 1 or 2 ‘Principle Investigators’ (PI) who own the problem
• Scrum master who supports processes (Jule or Michael)
• Support from T&II team as needed, e.g. technical
• Mentor
Activity goals

• Investigate together with research communities how token registration can be scaled for scenarios where participants are distributed over EU and beyond

• This incubator activity performs investigation

• WP5 T1.2 (eduTEAMS) provides technical infrastructure to test some proposals from the Incubator

• If feasible, validate results of investigation in/with technical solution
Tools
