IMS Europe

Edtech ecosystem

Interoperability standards

The five main initiatives

LEARNING PLATFORMS, APPS & TOOLS	ADAPTIVE DIGITAL CURRICULUM	INTEGRATED ASSESSMENT	LEARNING DATA & ANALYTICS	DIGITAL CREDENTIALS & PATHWAYS
App Vetting	AccessForAll	QTI	OneRoster	Open Badges
LTI	Common Cartridge	Computer	Caliper	CASE
LTI Advantage	EPUB for Education	Adaptive Testing	Privacy and	CLR
LTI Resource Search	OpenVideo	Proctoring	Security	

IMS Global – the organization

- Since 1998

- Organized as a non-profit member organization with a number of employees for support

- Totally dependent on contribution from the members

- The members decide on the course

- The members decide on the content of the standards

IMS Global – the members

550 members world wide, of which 10% in Europe
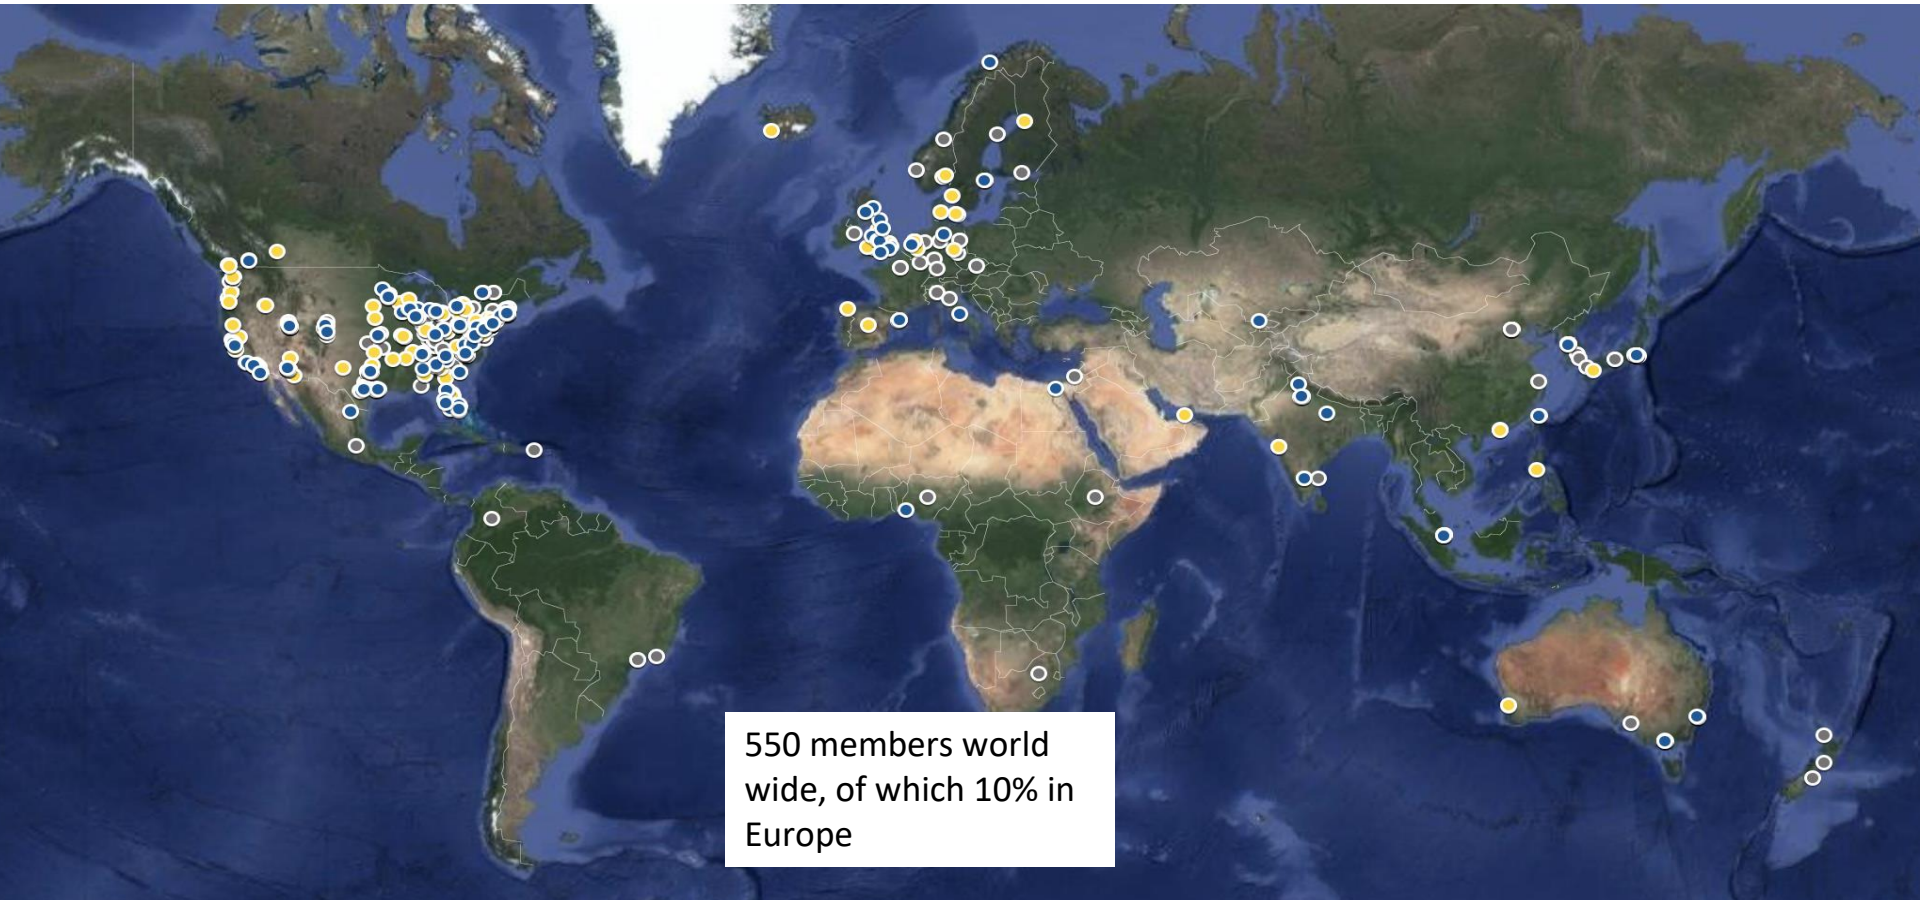

IMS Global – membership

- Certify Product

- Access to IMS Global services, like technical support

- Participate in a working group and with that contribute to a standard
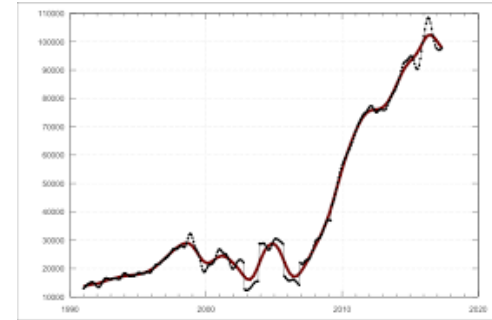

IMS Global – the employees
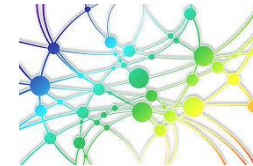

IMS Global – the employees

- Provide technical support to the members

- Facilitate the technical meetings

- Document the standards

- Host the standards

- Certify the products of the members

- Observe trends and share them with the members

- Connect members with each other

- Raise awareness for the open IMS Global standards and the organization

Géant and IMS

- Memorandum of Understanding in the making

- Work with NREN's to:

  – Increase certification for vendors

  – Increase awareness and asking for certification at universities

IMS Europe

- IMS Europe board to get more involvement of Europe within the work of IMS Global

- Technical Taskforce (now: OneRoster, later: LTI Advantage)

- Yearly IMS Europe conference + bootcamp

- Technical webinars (for members) every three months

- New: technical meeting in March
