Events Management System

The new community events calendar and management system went live on 8 September 2020, replacing the long-lived EventR platform run by GÉANT.

PLEASE NOTE

From 8 September 2020:

- new events can only be added in the new system; it is no longer possible to create new events in EventR.

TRAINING

A basic How To guide can be found here.

Two training events are planned in 2024 as follows:

- https://events.geant.org/event/1670/ - 22nd May 2024
- https://events.geant.org/event/1671/ - 29th May 2024.

These events will be recorded and shared here.

FURTHER INFORMATION

The new events management system is powered by CERN's open-source Indico tool and allows you as a user to register for events, manage your own events, and see a calendar overview of community events.

If you have any questions or need elevated access rights to create/manage events, please contact help@geant.org.

FREQUENTLY ASKED QUESTIONS

<table>
<thead>
<tr>
<th>QUESTION / COMMENT</th>
<th>ANSWER/ COMMENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>E.G. Is it possible to apply branding e.g. for a conference?</td>
<td>Yes. Please indicate if you want help with this.</td>
</tr>
<tr>
<td>Can we use the system for non-GÉANT events?</td>
<td>Yes, any event can be added as long as it is relevant to the GÉANT Community. Paid for events outside of GÉANT cannot be supported.</td>
</tr>
<tr>
<td>How do I get an account to create an event?</td>
<td>Please contact <a href="mailto:help@geant.org">help@geant.org</a></td>
