

9th SIG-NOC meeting

8 & 9 April, Ljubljana, Slovenia

Theme - "NOC challenges: trapped between monitoring and regulation"

The venue

We will be kindly hosted by ARNES and take place at the Conference hall of Technology park Ljubljana; Tehnološki park 19.

The SIG-NOC meeting will take place in the conference hall of the Technology park Ljubljana that is located in a **building B**.

Arnes has prepared the room in the building C1 on the 2nd floor for **early arrivals**.

How to get there and where to stay info

Where to stay

- The closest to the venue, 5-10 minutes walking, is [Four points by Sheraton Ljubljana Mons](#)
- If you prefer staying in city center you have a number of different choices, depending on your budget. This are the closest to the main attractions: <http://url.sio.si/sig-noc> In any case we would recommend you to be close to a bus stop for number 14, destination Bokalce, it drives through the center and the alternative is a taxi journey to the venue that takes 10-15 minutes and costs approx. 7-10 €.

More info about [Slovenia](#) and [Ljubljana](#)
