Webinar for 3rd NGI_Trust Open Call

The Horizon 2020 NGI_Trust project aims to support the development of a human-centric Internet in the field of privacy and trust enhancing technologies. Through its open calls it aims at engaging a variety of actors in order to explore important privacy and trust enhancing topics critical for building a human centric internet.

The 3rd call is currently open with the deadline to receive applications by 4 May 2020 at 18:00 CET. The call text, application form and detailed guidance for applicants are available here. A Webinar for interested applicants was organised on Friday 3rd April 2020 at 11:00 CET (you can watch it here). You may also want to have a look at the Power Point presentation we used.

We hope you will be interested in sending us your applications.
