

The eduTEAMS Service

Please read the [eduTEAMS Privacy Policy](#) to understand what we do with your data

The eduTEAMS Service is provided by GÉANT to small and medium sized communities who want to get started with their virtual collaborations and take full advantage of the federated access without having to deal with the complexity of operating and supporting their own AAI. Supports multiple communities on the same platform. Provides everything required in order to securely collaborate and use services available to the GÉANT community and European Open Science Cloud.
