CAB-3KX-AC-EU	AC Power Cord for Catalyst 3K-X (Europe)

Required support options

- 24x7x4 hardware support
- Software maintenance support (i.e. always access to latest software and firmware).
- Additionally, 2 already existing ASA5505 units will need to be incorporated in this support contract, so that we have access to **up-to-date** software (AnyConnect etc) as well

Current set-up

1x Cisco 3750
1x Dell PC2748, web managed switch
1x Dell PC3448P, unmanaged PoE switch
