Open actions

All actions remain open.
Membership Updates and Joining

Under vote:

- iAMRES, Serbia
- eduID.africa, African catch-all federation
- AzScienceNet, Azerbaijan
- RaFiKi, Kenya

Feedback on eduGAIN New Candidate Process was positive. It is easy track and respond to the comments from the membership.

Suspended Members:

- MATE, Argentina
- CAFMoz, Mozambique - update

Moises and Leonel introduced themselves and the process of rejoining full membership. The CAFMoz team is updating their policy documents. The secretariat and service team will then assess the new documents. Depending on the changes made compared to the original policy the secretariat will either advise the membership to end the suspension or call for a full assessment by the membership.

The members agreed on this proposal.

New Candidates

- iFARE, ASREN
- SomaliREN Identity Federation (SIF), Somalia

Team Updates

Davide provided an update on the service teams. Please see the slides for more information.

Davide asked for participation in the f-ticks project. InCommon sees the same challenges with similar projects within the federation.

- ACTION: Davide/Casper to discuss organizing an f-ticks workshop with REFEDS and/or ACAMP.

eduGAIN Security documents on the wiki are available to the community. During previous attacks on Atlassian information on threats couldn't be received via the wiki. Therefore it was decided to move some of the information on GitLab.

Draft: https://docs.google.com/document/d/1ZBhSg2bPCPfOYDK9D7D8TKPowsSgo0Dri48E__ck4ts/edit#heading=h.2xtamkwqr31e

The secretariat will work on a final version for approval before the next Steering Group meeting.

Any other business

TLP2.0. For now the Security Team will stick with v1.0 until the end of the year. The Security Team will monitor the activities in the CSIRT community.
