Next training sessions?

**eduGAIN Training**

The eduGAIN Training TEAM is happy to provide training sessions to help Federation Operators to build and maintain their Federation.

These trainings could be planned remotely or Face to Face. The approach is to train Federation Operators and allow them to train their community afterwards (Train the Trainer).

If you are interested by a training session, please contact: anass.chabli@renater.fr.

**Training Program**

- Understand the principles of Identity Federation and eduGAIN
- Hands-on exercises: OpenLDAP, Shibboleth IdP, SP, DS ...
- Understand the role of Federation Operators and Policies to build a Federation & Join eduGAIN
- Hands-on exercises: How to build and maintain a Identity Federation & Join eduGAIN
