

User Registration - external account

You can log in with your Social Networks account (Google, Bitbucket, LinkedIn, Twitter)

In case you visit GitLab for the first time your account need to be created first.

Click on Federated Authentication and select Social networks

Go through the verification of the selected provider (e.g. *Google*) and complete the account creation in GEANT - click on the link.

You will be redirected to the form page. Fill in the required data and approve the Use Policy.

Application for the GÉANT AAI Service

Given name*

Surname*

E-mail*

[GÉANT AAI Service Privacy Notice](#)

[GÉANT AAI Service Acceptable Use Policy](#)

I have read and agreed with the Acceptable Use Policy* ☒ Confirm

[Submit](#)

Your Geant account has been created.

✓ You have been successfully registered

You are now a member of GÉANT.

Return to the login page, select Federated Login and Social Networks. Choose your provider and authenticate.

You are logged in with a Social Network Account (e.g. Google)
