NEW: White Paper Consultation - Dec 7th, Amsterdam.

Read the draft [white paper here](#).

Slides from the meeting are [available](#).

In 2018, the priorities identified from feedback to the white papers will be build into a workplan for GN4-3.

Although the trigger for this work is building the next GÉANT project, aspects of interest for T&I broadly are welcome and can be brought in to other groups or projects or developed further by the wider community, not just this particular project.
